2.6 Deposits and Advance Payments

2.6.1 Deposits

The Company does not normally require deposits. However the company reserves the right to collect a deposit from customers whose credit history is unacceptable or unknown to the Company. Deposits, if collected, will be collected and maintained in accordance with Commission rules.

For services provided to inmates of confinement facilities, the Company may require a deposit from billed parties for charges which exceed a maximum credit amount predetermined by the Company based on the Customer's credit worthiness. The Customer may exceed this predetermined credit amount by first paying a deposit to the Company in an amount equal to the amount of additional credit authorization requested by the Customer.

The fact that a deposit has been made in no way relieves the Customer from the prompt payment of bills upon presentation.

2.6.2 Advance Payments

The Company does not normally require advance payments for service. However, for Customers whom the Company determines an advance payment is necessary, GTL reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. 2.7 Taxes and Fees

All state and local taxes (i.e., gross receipts tax, sales tax, municipal utilities tax) are listed as separate line items and are not included in the quoted rates.

2.7.1. Public Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. This surcharge, which is in addition to standard RTCed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company's service and is unrelated to the service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any re-originated call (i.e., using the "#" symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Universal Service Subsidy fees are subject to periodic adjustment and are calculated by multiplying the gross invoice amount attributable to interstate and international services (excluding taxes) during each billing period by a percentage as determined by the FCC each calendar quarter.

2.7.3 USF Regulatory Administrative Fee

Certain services provided pursuant to this tariff are subject to a USF Regulatory Administrative Fee to recover costs associated with the billing, collection and remittance of federal Universal Service Fund amounts. 2.9.3 Validation of Credit

The Company reserves the right to validate the creditworthiness of Customers and billed parties through available verification procedures and to establish a maximum predetermined credit amount. Where a requested billing method cannot be validated or maximum credit amount established, the Company may refuse to provide service.

Services provided by the Company are available to inmates of confinement facilities in accordance with facility-authorized programs. The Company may request that the confinement facility adopt, as part of its program, terms that enable the Company to collect the charges for all inmate calls, including without limitation, the blocking of calls by the Company to certain telephone numbers when the amount charged to such a telephone number exceeds a predetermined amount or becomes past due.

3.4.1 Single Bill Fee

A Single Bill Fee will apply to Customer's telephone bill each month in which local or long distance collect calls are accepted and billed on the Customer's local telephone bill, or directly billed to Customer by Company invoice. This fee is for the purpose of offsetting Company's billing and administrative expenses associated with offering the convenience of receiving printed inmate call charges on a Customer's local telephone bill, or providing a paper invoice directly to Customer. This fee will be charged only once per billing period regardless of the number of calls accepted. The fee will not apply in any billing period in which no collect calls are accepted. 3.5 Interstate Institutional Operator Assisted Calling

Institutional operator assisted service allows inmates to place collect or prepaid calls through an automated call processing system. The call processing system prompts the inmate and the called party such that the call is completed without live operator assistance.

A number of special blocking and screening capabilities are available with institutional operator services provided by the Company. These capabilities allow Institutions to control Inmate access to telecommunications services, reduce fraudulent use of the Company's services, and eliminate harassing calls to persons outside the institution.

All services with Confinement Institutions are provided under contract. Each contract includes a unique mix of telecommunications services, equipment and software for blocking, screening and monitoring calls, and performs other specialized functions as required by the Confinement Institution. All similarly situated Confinement Institutions are treated on a non-discriminatory basis.

3.5.1 Inmate Calling Service Restrictions

For services provided to inmates of institutions, the following special conditions apply:

1. Calls to "900", "976" or other pay-per-call services are blocked by the Company.
2. At the request of the institution, the Company may block inmate access to toll-free numbers (e.g., 800, 888) and dialing sequences used to access other carriers or operator service providers (e.g., 950-XXXX, 10XXXX).
3. At the request of the Institution, the Company may block inmate access to "911", "411", or local operators reached through "0-" dialing.
4. At the request of the Institution, the Company may block inmate access to specific telephone numbers.
5. Availability of the Company's services may be restricted by the institution to certain hours and/or days of the week.

3.5.2 Inmate Telephone Debit Accounts

(D)(N)

A. Definition

This is a prepaid telephone account available to inmates and other incarcerated persons at correctional facilities that permit this service. Participating individuals elect to transfer funds either from their facility's inmate trust fund or a commissary account. The transfer method is either manual (vouchers) or electronic through a funds transfer interface between the Company and the facility or commissary.

B. Call Process

The Company establishes debit accounts which are associated with the inmate's personal Identification Number (PIN). When a call is placed, either the "collect" or "debit" option is selected. Once debit is selected, the inmate enters the called telephone number and PIN. The Company's system automatically informs the caller of the Available Usage Balance remaining in the Prepaid Debit Account, and the rates for the call being attempted. Network usage for completed calls is deducted from the Available Usage Balance at the conclusion of the call.

Any unused funds in a Prepaid Debit Account are refundable upon request. Refunds are issued by the entity controlling the actual cash deposits, which depending on the specific arrangements, is either the Company, the commissary, the correctional facility itself or its agent, unless otherwise directed by state law. The Available Usage Balance expires three months from the date of the last activity on the Prepaid/Debit account, unless alternative arrangements are expressly requested by the correctional facility's management. No refunds of unused balances will be issued after the expiration date.

C. Rates and Charges

- 1. Option 1** - Rates and charges for Prepaid Debit Accounts are the same as those set forth in the Company's institutional collect call rate schedules.
- 2. Option 2** - Rates and charges for Prepaid Debit Accounts are provided at a discount, per request of correctional facility.

3.5.4 Advance Pay Accounts

In those areas where the Company does not have a direct billing agreement with the existing local exchange carrier, or upon a Customer's request, the Company will set up a Advance Pay Account with the Called Party (Customer) for payment of collect calls placed from institutions served by Global Tel*Link. Funds in the Customer's Advance Pay account may only be used for payment of collect calls placed by inmates to telephone numbers specified by the Customer. Establishment and maintenance of an Advance Pay Account is required to complete collect calls to Customers served by local exchange carriers with which the Company does not have an existing direct billing and collection agreement.

The minimum amount required to set up the Advance Pay Account is \$25.00. Upon request, and after the required minimum payment is received, the Company will provide the Customer with a personal identification number (PIN) and a toll-free number to call in order to set up the account information, including the permissible numbers that the inmate may call.

Additional payments will be accepted with a \$50.00 payment maximum. Initial and additional payments into the account may be made by cash, check, credit card or Western Union. Transaction fees will apply for credit card and check by phone transactions. All payments will be subject to applicable taxes.

When an inmate places a call, the Customer is informed of both the caller's identity and the account balance prior to accepting the call. Customers may also contact the Company's toll-free customer service number for account balance information at any time.

If the Advance Pay Account balance becomes depleted, calls placed to the numbers specified by the Customer will be blocked until the Advance Pay Account is replenished.

The Customer may close the Advance Pay Account at any time. At the written request of the Customer (usually upon release of an inmate from an institution), any remaining balance in the Account will be refunded to the Customer after deducting any call charges, applicable taxes and transaction fees incurred during the current billing cycle. Advance Pay Accounts will be automatically dissolved following three months of zero activity (i.e., no calls placed, no account replenishment, no customer service inquiries.)

All security measures and inmate calling restrictions as set forth elsewhere in this tariff are also applicable for any calls made using an Advance Pay Account.
