### **GTL Launches Technology in Motion Tour**

*Technology-packed demo bus brings innovation directly to customers, showcasing solutions optimized for the corrections, government, and education sectors*

#### **FOR IMMEDIATE RELEASE**

**Reston, Virginia – April 10, 2017 – [GTL](#)**, an innovation leader in correctional technology and payment services solutions for government, today announced the launch of the Technology in Motion tour, a mobile customer briefing program that features a technology demonstration center inside a premium 40-foot motor coach.

GTL's new vehicle made its debut this weekend at the [American Jail Association's 36th Annual Conference & Jail Expo](#) in Orlando, Florida, where it remains on display through Tuesday, April 11. The Technology in Motion motor coach will then embark on a nationwide tour, with plans to stop at other conferences, as well as dozens of customer locations and community events in 2017.

The vehicle is equipped to provide hands-on demonstrations for GTL's full range of products, services, and solutions for the corrections, government, and education sectors. "As an immersive experiential marketing event for our customers and prospects, a Technology in Motion tour stop is the ultimate brand touchpoint as it delivers the complete GTL experience right to their doorstep," said Anthony Bambocci, Executive Vice President of Marketing at GTL.

Offerings from every solution family in GTL's diverse portfolio will be represented:

- Communications Solutions – encompassing Inmate Calling, Inmate Messaging, and Visitation Management
- Investigative and Intelligence Solutions – comprising Call & Voice Analysis and Data Analysis
- Payment and Deposit Solutions – including Inmate Calling Payments, Commissary & Trust Deposits, and Self-Release Payments
- Enterprise Management Solutions – such as the GTL Offender Management System (OMS)
- Inmate Services – including Education & Information, Entertainment, and Efficiency Services
- Technology, Platforms and Devices – featuring the Inspire® inmate tablet, Flex® Link multi-service unit (for inmate calling, visitation, and a host of inmate services), Payment Kiosk, Intake Kiosk, Payment Processing Station, and more.

According to Garth Johnson, Senior Vice President of Operations at GTL, "We've packed more GTL technology per square foot into this bus than anything we've done for previous demonstrations, and now we can drive across the country to maximize the market's exposure to our solutions."

GTL brings its complete portfolio to life with Technology in Motion, enabling customers and prospects to understand GTL's innovations firsthand without the inconvenience of traveling to a distant location. "With the breadth and depth of services and solutions displayed in this mobile technology center, we are able to feature everything that we can deliver to our current and future customers," said Jonathan Walker,

Executive Vice President of Sales at GTL. “It’s a complete educational experience on wheels designed to help each customer meet their unique needs.”

The [official Technology in Motion website](#) features the tour schedule and other information about this unique program.
