

# THE POWER OF TOGETHER.

GTL is a fully committed partner to meet your needs, keep your community safe, and help fuel successful reentry for incarcerated individuals.

We work side-by-side with you to provide quality technology and education solutions for correctional facilities to improve the work of officers, streamline operational practices, increase security, reduce recidivism, and support reentry.

## Message from Deb Alderson, CEO

In the world of correctional technology, a lot of companies are focused on numbers. At GTL, we are focused on people. We believe in the power of together, working side-by-side with you to implement solutions that make your jobs easier, your facilities safer, and incarcerated individuals more aware of their potential to reintegrate successfully into society. Our commitment to you begins by engaging with our customers—facilities, friends and families, and inmates—to provide outstanding service and realize outstanding outcomes.

Our mission is centered around communication. When incarcerated people communicate more with their loved ones, their connections to their communities increase and recidivism rates decrease. When GTL

communicates more with all customers, we provide service that is unmatched. When we bring technology and education into correctional institutions, we are communicating to incarcerated individuals that we see them as more than a number and as more than their crime. We see them as people who we want to help along in their journey to reentry.

---

**OUR MISSION IS  
CENTERED AROUND  
COMMUNICATION**

---

GTL is committed to being the industry leader in technology and service for at-risk communities, correctional facilities, officers, inmates, and families and friends. But, more importantly, we are committed to you.

GTL leads the industry with patented technologies that benefit not only facilities through operational efficiency and safety but also inmates through increased connections and improved chances at successful reentry.

## Facility and Agency Solutions – A Partnership to Empower Your Staff

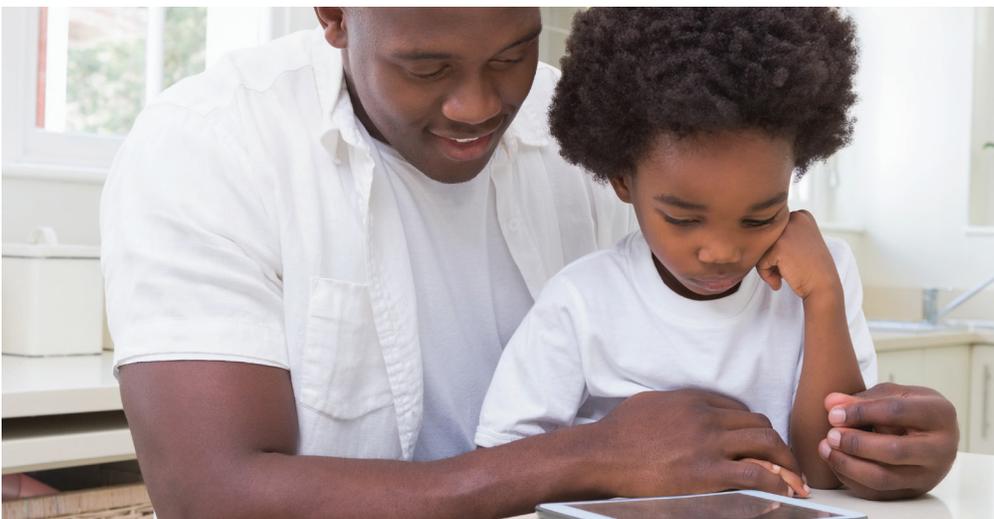

GTL's Facility and Agency Solutions focus on how to improve the daily tasks inherent in the operation of correctional facilities. From simplifying the intake and release processes to furthering staff knowledge with educational programs to intelligence solutions and tools that stop in-facility crimes before they happen, GTL can help your facility run more securely, efficiently, and effectively, while helping meet the needs of the customers we all serve – your inmates.

## Communication and Rehabilitative Solutions – A Lifeline Connecting Inmates, Families, and Friends

GTL's Communication and Rehabilitative Solutions provide phone, video, and tablet products that connect incarcerated people to their families, as well as education and entertainment content that allows them to spend their time in a positive manner, bettering themselves and improving their days. GTL's comprehensive corrections education product suite assists a range of incarcerated learners, including juvenile offenders, inmates, probationers, parolees, and inmates working in prison industries, with training to break the cycle of recidivism.

## Proactive: Reentry Solutions

**WE HOPE TO  
INCREASE  
SUCCESSFUL  
OUTCOMES  
AND REDUCE  
RECIDIVISM**

## Making Connections to Prepare for and Support Successful Return to Society

GTL's Reentry Solutions assist people under supervision in overcoming the obstacles they face when returning to society. By connecting them to the people and resources they need, we hope to increase successful outcomes and reduce the recidivism rate. Support groups, vocational training, potential employers, and more are available to help keep released individuals on the right track.
