

# NATIONAL CORRECTIONAL OFFICERS AND EMPLOYEES WEEK

May 2–8, 2021

In recognition of National Correctional Officers and Employees Week (NCOEW), GTL is honoring the men and women across the country working in essential positions in jails, prisons, and community corrections.

Through June 4th, GTL will provide customer facilities access to exclusive staff-focused video content from Dr. Christian Conte, a mental health expert in the fields of anger and emotional management, as well as an additional 25 courses focused on wellness and skill development.

**To sign up and access this free content, visit <https://www.gtl.net/ncoew/>.**

"Working in a correctional facility has its dangers, but the COVID-19 pandemic was an invisible enemy that took hundreds of thousands of lives, including individuals serving at correctional facilities. With our content, our donations, and our focus on NCOEW, we want all correctional officers and employees to know that we see you. We see your strength, your compassion, and your efforts to transform the incarcerated into the rehabilitated."

**Deb Alderson**  
GTL President & CEO
