In those areas where the Company does not have a direct billing agreement with the existing local exchange carrier, or upon a Customer's request, the Company will set up a Advance Pay Account with the Called Party (Customer) for payment of collect calls placed from institutions served by the Company. Funds in the Customer's Advance Pay account may only be used for payment of collect calls placed by inmates to telephone numbers specified by the Customer. Establishment and maintenance of an Advance Pay Account is required to complete collect calls to Customers served by local exchange carriers with which the Company does not have an existing direct billing and collection agreement.

The minimum amount required to set up the Advance Pay Account is \$25.00. Upon request, and after the required minimum payment is received, the Company will provide the Customer with a personal identification number (PIN) and a toll-free number to call in order to set up the account information, including the permissible numbers that the inmate may call.

Additional payments will be accepted with a \$50.00 payment maximum. Initial and additional payments into the account may be made by cash, check, credit card or Western Union. Transaction fees will apply for credit card and check by phone transactions. All payments will be subject to applicable taxes.

When an inmate places a call, the Customer is informed of both the caller's identity and the account balance prior to accepting the call. Customers may also contact the Company's toll-free customer service number for account balance information at any time.

If the Advance Pay Account balance becomes depleted, calls placed to the numbers specified by the Customer will be blocked until the Advance Pay Account is replenished.

The Customer may seek a refund of unused AdvancePay balances upon request at any time, even if the account has been closed. Any remaining balance in the account will be refunded to the Customer after deducting any call charges, applicable taxes, and transaction fees incurred during the current billing cycle.

With a Prepaid Debit Account, each inmate has the option to transfer funds from his/her personal account to his/her telephone account. This is accomplished by facility personnel or through a direct interface between the commissary system and/or booking account and the inmate phone system. This account is associated with the inmate's Personal Identification Number (PIN.) When the inmate places a call, he/she has the option of calling collect or prepaid/debit. Once debit is selected, the inmate enters the PIN and called telephone number. All deposits to the account are paid to and handled by the entity managing the account, e.g., JMS, facility, commissary, etc. The Company receives payment from the Institution; it does not engage in direct monetary transactions with the inmate.

The Company's system automatically informs the caller of the Available Usage Balance remaining in the Prepaid Debit Account, and provides prompts to place the call by entering the destination telephone number. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses.

Payment for Prepaid Institutional Calling Services and any Available Usage in the Prepaid Debit Account is refundable upon request, after release of the inmate from the Confinement Institution. The Available Usage Balance expires three months from the date of the last activity on the Prepaid account. No refunds of unused balances will be issued after the expiration date.
